

CERTIFICATE OF INTERNSHIP

PRESENTED TO

Anant Raj

has successfully achieved the Internship Credential by completing a 10-week program in the domain of

ROBOTICS FUNDAMENTALS -AI AND IOT INTEGRATED

During the internship, the learner demonstrated proficiency in:

- Introduction to Robotics Concepts & Terminology & Basic Electronics for Robotics
- Introduction to Microcontrollers (e.g., Arduino/Raspberry Pi Pico) & Sensors in Robotics: Principles and Applications
- Actuators in Robotics: Motors and Servos & Introduction to Programming for Robotics (e.g., Python/C++ Basics)
- Basic Robot Kinematics and Motion Control & Introduction to Artificial Intelligence (AI) for Robotics
- Machine Learning Fundamentals for Perception & Introduction to the Internet of Things (IoT) for Robotics
- Data Acquisition and Processing for Robotics & Robot Simulation and Virtual Environments
- Ethical Considerations and Safety in Robotics & Project-Based Learning: Integrated Robotics Projects
- Troubleshooting and Debugging Robotics Systems

This certification recognizes the successful completion of the internship requirements.

Issued on: Jun 01, 2026

Certificate ID: 2026-052A46A141
